Our outdoor integrated energy storage cabinets are available in air-cooled and liquid-cooled configurations, designed for reliable performance in harsh environments.

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity ...

Our 200kWh outdoor cabinet energy storage system features a battery pack system enclosure with triple fire protection. With independent relay protection and battery-level thermal monitoring, you can ...

The StackRack SRBOX-200 is an outdoor-rated, high-voltage modular battery ...

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, ...

We offer 200 kWh battery energy storage systems to enhance energy efficiency and ensure reliable power management. High-performance BESS cabinets for ...

200 kWh intelligent string outdoor battery cabinet with IP55 protection, designed for secure and efficient energy storage in harsh environments.

It is specifically designed to store and manage energy in an outdoor environment. This system is equipped with various components, including a high-voltage energy storage inverter, a high-voltage ...

Built with LiFePO₄ (Lithium Iron Phosphate) batteries, intelligent BMS, and a modular cabinet design, HV200K ensures long service life, high efficiency, and excellent safety performance. With an IP55 ...

The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical

200kWh modular outdoor cabinet is the best choice for railway stations

unit, increasing the safety of the cabinet for energy storage batteries.
