Specializing in research and development of solar panel, lithium battery and BMS. Bluesun product has exported to more than 185 countries and regions since 2022.

The outdoor energy storage cabinet integrates modular PCS, energy management monitoring system, and distribution system. With modular PCS, it is easy to maintain and expand.

In the bustling outdoor parking lot of a Korean office building, the Pilot x Piwin DC EV Charging Station offers a seamless integration of efficiency and accessibility.

The BESS solution delivers utility-grade energy storage for commercial and industrial applications. The system features modular architecture supporting 250kW to 500kW continuous power output with ...

The outdoor energy storage cabinet adopts front-loaded maintenance, which can ...

This 250kW all-in-one containerized energy storage system integrates lithium batteries, inverter, and smart energy management in a 20FT container for easy installation, transportation, and stable ...

Scalable outdoor energy storage cabinet is designed for customer application with power and capacity range requirements of 250kW/645kWh. The system can flexibly scalable the battery cabinet ...

Perfect for commercial rooftops, factories, and off-grid industrial projects. This 250kW solar + 631kWh energy storage system is a high-performance turnkey ...

We provide comprehensive solutions for both on-grid and hybrid photovoltaic project construction. As an awarded national high-tech enterprise, we hold an abundant portfolio of patents, including 5 invention ...

250kW Smart Photovoltaic Energy Storage Outdoor Cabinet for Construction Sites

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...
