~ High reliability 5 Cooling fan with IP68 protection level Integrated string monitoring function ·
Standard connection terminal for quick installation

Supports bifacial PV modules with max. PV current 20A.

The document provides specifications for the SP-275K-H1 SP Series string inverter. It can support up to 275kW of output power from 12 MPPT ...

High reliability · Cooling fan with IP68 protection level · Integrated string monitoring function ·
· Standard connection terminal for quick installation

The Chint Power SCH275KTL-DO/US-800 is a high-performance, three-phase string inverter designed for North American ground-mount applications. This inverter offers substantial energy conversion ...

The 275kW high power CPS three phase string inverters are designed for ground mount applications. The units are high performance, advanced and reliable inverters designed specifically for the North ...

The 250/275kW high power CPS three phase string inverters are designed for ground mount applications. The units are high performance, advanced and reliable inverters designed specifically ...

The XGI 1500-250 and XGI 1500-200 feature SiC technology, high power and high efficiency that places them at the top end of the utility-scale string inverters in ...
