-----

From solar farms in the Qasioun Mountains to emergency medical facilities downtown, Damascus demands storage solutions that combine durability with smart energy management.

Looking for a reliable deep-cycle battery to power your solar projects? Discover how the Damascus 12V500Ah energy storage battery outperforms competitors in efficiency and durability. Keep reading ...

Let's talk about Donut Lab's solid-state batteries. When a company claims to have created what's essentially the holy grail of batteries, there are bound to be some questions. Interest has ...

Solid-state batteries spark a global EV arms race as automakers and startups compete to unlock ultra-fast charging and the holy grail of electric mobility.

Experts still have big questions--about cycle life and performance at the pack level. Donut Lab is releasing more evidence of its solid-state batteries, but there's no word on the chemistry just yet.

Technology company Donut Lab has published the results of the first measurements analysing the features of its solid state battery. The tests, conducted by Technology Research Centre ...

The Mercedes-Benz-backed battery manufacturer Farasis Energy plans to complete construction of a pilot production line for sulphide-based solid-state batteries by the end of 2025.

At CES, Donut Lab presented a solid-state battery allegedly ready for mass production. However, the impressive specifications prompted critics to question the results. Donut has now ...

Donut Lab's solid-state battery sure looks like the savior for electric cars.

A new solid-state battery cell from Donut Lab, a Finnish company, has been certified with charge times of less than 10 minutes.
