Backed by HSBC, the initiative allows Ovo's four million customers to access loans for installing solar panels and other energy-efficient devices, ...

Andy Rankin, interim head of unsecured lending at HSBC UK explained said the bank is "pleased" to partner with OVO on the initiative to offer access to solar panels.

Customers will be able to borrow money from HSBC to pay for solar panels and batteries under a scheme designed to boost take-up of low-emission ...

HSBC energy-efficient home (EEH) mortgages offer an incentive if you're thinking of buying a new home or moving your existing mortgage to HSBC. To be eligible, ...

The energy firm and high street bank have joined forces to launch a consumer finance offering to allow Ovo customers to spread the cost of technology such as solar panels and batteries.

For a typical UK home, with solar panels coming in at an average of  $\pounds 9,000$ , OVO's partnership with HSBC Flexipay would see payments spread out ...

OVO customers will be the first to benefit from HSBC Flexipay, which helps spread the cost of products, including solar panels and batteries, instead of paying one large upfront sum.

What happened: The British bank HSBC announced it had entered the POS financing market (Finextra). The offering is dubbed Flexipay, and it is available to consumers regardless of ...

Ovo Energy customers will be able to borrow money from HSBC to pay for solar panels and batteries under a scheme designed to boost take-up of low-emission home upgrades.
