Learn about Highjoule's 418kWh outdoor cabinet, featuring fire protection, liquid cooling, and smart monitoring for safe and reliable energy ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal ...

The 215 kWh Energy Storage Cabinet integrates seamlessly into industrial & commercial energy storage, distributed power stations, EV charging stations, and microgrids to deliver reliable peak ...

Damaged or aging battery cabinets can be replaced quickly and effortlessly, minimizing downtime and keeping operations running at full capacity. The modular design enables fast maintenance, ensuring ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and ...

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Portland Fire Station 1 installs a solar-plus-storage microgrid with Generac ARC to boost energy resilience against earthquakes, wildfires, and outages.

Micro-grid OASIS L241 can form a microgrid system with inverters, photovoltaic arrays, loads, diesel generators, etc. which is widely used in remote mountain areas, areas without ...
