Our professional engineering solutions are designed for residential, commercial, industrial, and utility applications across South Africa and Africa. Download "Juba Solar Folding Container 250kW" ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

The 20MW solar facility is capable of supplying power to approximately 16,000 households in Juba, offering a significant reduction in energy prices and enhancing grid stability.

SolaraBox is built to solve project power needs. The system is modular and easily scalable: you can add multiple units to increase output, and it supports on-grid, off-grid, and hybrid configurations.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular design for easy ...

This large battery capacity enables extended operation during low-solar periods while the fuel cell provides continuous charging. The modular battery rack ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy ...

Located in the Dedza district of Malawi near the town of Golomoti, the 20MWac solar PV and 5MW/10MWh energy storage project is set to become a leading project in sub-Saharan Africa

What is HJ mobile solar container?The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium ...

Juba Off-Grid Solar Container with Ultra-Large Capacity

The container holds 20 solar panels, with capacity to integrate an additional 40-panel ground or roof array for a total of up to 60 panels (24,000W DC). Manages dual 16.2 kWh lithium battery banks, and ...
