LONGi Solar Technology Co., Ltd. Solar Panel Series Hi-MO 7 LR7-72HGD 585 ...

With a maximum power rating of 625W and a module efficiency of 23.1%, it offers high bifaciality and excellent power temperature coefficient, ensuring increased ...

It belongs to the Hi-MO 7 series and represents one of the most powerful single solar modules on the market -- combining high wattage output, bifacial energy capture, and robust build quality for long ...

Hi-MO 7 boasts excellent power generation performance and product reliability, ...

Meta Description: Discover the game-changing specs of Longi's 620W solar panel. We break down voltage ratings, temperature coefficients, and real-world performance data to help you ...

Longi dual glass hi-mo 7 585-620W solar panels are high-performance PV modules for utility power plants, advanced HPDC cell technology delivers superior module efficiency and power. ...

Powered by advanced HPDC cell technology, it offers excellent bifacial gain, superior temperature coefficient, and long-lasting durability--making it ideal for ...

Operating Parameters Operational Temperature Power Output Tolerance Maximum System Voltage
LR7-72HTH-620M

Combining advanced N-type TOPCon technology with a bifacial design, it delivers exceptional energy efficiency and durability, making it ideal for projects requiring ...
