With its modular lithium ion battery storage containers design, strong environmental adaptability, and reliable safety systems, it provides a robust solution for long-term energy storage.

Compatible with solar PV, diesel generators, and grid power, it provides stable energy for microgrids, remote areas, manufacturing facilities, farms, and EV charging stations.

Built for rapid deployment, our 500 kW capacity batteries are a fast way to increase your efficiency, on or off the grid. Packaged with everything you need - from fire protection to HVAC - they're an effective ...

The BESS solution delivers utility-grade energy storage for commercial and industrial applications. The system features modular architecture supporting 250kW to 500kW continuous power output with ...

Factory-direct microgrid battery storage for off-grid villas and resorts. Scalable 5kWh-500kWh+ LiFePO4 BESS with intelligent EMS, 10ms switching, UL/CE/TUV certified.
