An off-grid power system that delivers power to converted container buildings and container-based renewable energy systems designed to supply power to other ...

Safaricom has replaced diesel generators with solar panels at over 1,500 base stations across Kenya. Here's how this shift is improving network ...

We provide technical consultancy services including feasibility studies, system sizing, load profiling, financial analysis, and engineering design support for ...

A leading provider of industrial solar, battery storage, & power stabilization in East Africa; designing, installing, financing, and maintaining 60+ systems.

A global 2-day conference with over 120 speakers covering the latest trends, ...

AEL designs, procures, constructs and provides operations and maintenance for solar PV & Battery Energy Storage Systems (BESS) across East and Central Africa.

Advanced lithium battery energy storage systems for reliable backup power, peak shaving, and load shifting. Reduce electricity costs significantly. Future-ready ...

We supply and maintain Uninterruptible Power Supplies (UPS) and Automatic Voltage Regulators (AVRs) to ensure continuous ...

We are experts across the full range of solar power applications, ranging from stand-alone solar water heating systems, solar electric PV systems, and solar water pumping solutions to complex projects ...
