Mobile solar containers enable total off-grid operation, providing power in locations with no utility grid or where grid access is unreliable. This is essential for rural development ...

In this video, we will take you along as we convert this shipping container into a solar powered Off Grid Building! This container will be used as ...

BoxPower's flagship SolarContainer is a fully integrated microgrid-in-a-box that combines solar PV, battery storage, and intelligent inverters, with optional ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks ...

Ready to Transition Beyond Diesel? Discover the next generation of mobile, autonomous clean power. MOBISMART integrates solar, fuel cells, and batteries into hybrid systems that deliver where diesel ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular design for easy ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery bank, ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

We design and engineer custom Solar Power Systems for Oilfield Services, Gas Pipelines, Off-shore Drilling, Injection Sites, Wellhead Locations and Related Oil ...
