The Biden-Harris Administration Announces Funding For "Solar For All" Program  
Why Are Low-Income Solar Programs Important?  
There are a number of state, non-profit, and utility-level low-income solar programs to help qualifying homeowners get home solar panels. Although there are no federally-run low-income solar programs, the Biden-Harris Administration announced \$7 billion in Solar for All funding that will create and expand low-income solar access. Low-income solar p...
