Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Customers can customize power capacity, battery storage, inverter types, and auxiliary power sources like diesel generators or wind turbines to tailor the container for specific mission requirements.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular design for easy ...

Finding a large portable solar generator that combines capacity, portability, and versatile outlets is essential for camping, emergency backup, or off-grid living.

The right portable solar panel extends power station, RV, or off-grid camping capability from limited duration to potentially delivering perpetual power (so long as the sun is out!).

Whether you're camping, RVing, or preparing for emergencies, these panels provide clean energy to keep your devices and power stations charged. Below is a summary table highlighting the ...

Solarabox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

The RevoPower Solar Trailer is built with precision and detail in the USA. It can be paired with up to (6) 100W Solar Panels as well as ANY of our solar generators ...

Solar container outdoor power large capacity camping

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our ...
