SunWize Power & Battery Control Panels are prewired aluminum panels for a variety of applications. Our standard control panels have all of the necessary switchgear to hook up a charge/load controller ...

Why Do You Need A Solar Charge Controller?How Does A Solar Charge Controller Work?Solar Charge Controller Features to Consider Before You BuyHow to Set Up and Use A Solar Charge Controller?Our VerdictYour solar charge controller comes with wire adapters that allow you to easily connect it to your solar panel and battery. Importantly, your controller should always be mounted close to your battery, since it needs to be able to accurately measure the voltage in the battery with no drop across the wiring. See more on
