MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, ...

Thanks to foldable solar arrays, the container is rapidly deployable -- operating within hours to support power needs across diverse scenarios. Built for longevity, the SolaraBox solar container is built to ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our patent protected solar power units fits perfectly on top of 20" or 40" containers. No more hassle to get cost-efficient, green, energy to your containers. ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide ...

Self-unloading mobile Solar Container. Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20" sea ...
