As a science fiction literary subgenre and art movement, solarpunk works to address how the future might look if humanity succeeded in solving major ...

Solar Electric Paint - Black Power by Larry Niven: A black-colored paint that can be sprayed on, making any surface a solar power generator. (Text quote, book citation included.)

The idea of solar paint--often called "power paint"--sounds like science fiction, but global research teams have brought it into the real world. In ...

Solar power is hot these days. Gleaming, black solar panels soak up rays on more and more rooftops of homes and businesses providing a clean, alternative source of heat and electricity. ...

But what if you could harness solar power just by painting your walls? That's where solar paint comes in - it's like regular paint but with a solar twist. You can slap it on your roof, walls, or even your whole ...
