The Northvolt Sweden acquisition includes 16 GWh of existing battery manufacturing capacity, more than 160 hectares of land, infrastructure and buildings to support expanded ...

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS) have ...

Lyten's acquisition of Northvolt Ett, Ett Expansion and Northvolt Labs in Sweden adds 16 GWh of battery capacity, Europe's largest R& D center and 160 hectares of infrastructure, creating its ...

Lyten is setting up an industrial hub in Sweden, co-locating battery manufacturing with AI data centres and complementary industrial operations, after wrapping up the acquisition of bankrupt ...

Lyten has finalised the purchase of Northvolt's battery manufacturing and research assets in Sweden and established an industrial hub at the Skellefte site.

Lyten, a global leader in lithium-sulfur batteries and energy storage, announced today that it has completed the acquisition of Northvolt Ett and Ett Expansion (Skellefte, Sweden) and Northvolt ...

Since 2023, Ingrid Capacity has partnered with BW ESS to develop 14 large-scale battery storage projects at strategically selected locations throughout Sweden's electricity grid, situated in ...

In Skellefte, Ett will produce lithium-ion NMC battery cells for a broader range of customers, including battery energy storage systems (BESS), automotive, and other mobility markets.

This would be EdgeConneX's first development in Sweden. The site will be acquired from Lyten, a company that specializes in lithium-sulfur batteries and energy storage.

Sweden develops energy storage battery plant

Lyten completes acquisition of Northvolt Ett and Labs in Sweden, securing 16 GWh capacity and launching a new industrial hub powered by clean hydro energy.
