I tried Dell's support but they were pretty useless, they told me that DDM wont work on non-dell desktops, despite the fact that on their marketing page for DDM it states that you can ...

Hey there! Does anybody know what this "Dell Core Services" application is, that is preinstalled on newly Dell systems? (Latitude 5530 in this casebut but also saw it on Precisions) I ...

I have looked around and read the dell instruction about the Dell Power Management software and I remain confused. My main objective is the longevity of the battery without ...

Instead we utilize Dell Command Update for general driver and system updates. However, recently we've noticed that Dell Command Update is installing something called Dell SupportAssist ...

I was just tired of Dell and also Microsoft, both forcing you into Modern Standby, which never worked, doesnt work, and will not ever work reliable on Windows, compared to 100% working and reliable S3 ...

This is an Optiplex 7460 All-in-one computer with two HDMI (one has a little symbol by it) and a DisplayPort. Trying to use this as an external monitor for a MacBook Pro (via the HDMI connection) ...

Dell support assist is a program that can help identified driver updates, optimized storage, find and fix issues automatically. It is free. It's prompting you to purchase an extended warranty. ...
