The International Convention for the Safety of Life at Sea (SOLAS) sets minimum safety standards in the construction, equipment and operation of merchant ships.

a) Sister Vessel - A vessel that as a whole is identical in design to another vessel. The vessel is normally ordered by the same owner and is one of a series of vessels.

SOLAS 1974 requires flag states to ensure that ships flagged by them comply with the minimum safety standards in the construction, equipment and operation of merchant ships. The treaty includes articles setting out general obligations, etc., followed by an annexe divided into twelve chapters, two new chapters were added in 2016 and 2017. Of these, chapter five (often called "SOLAS V") is the only one that applies to all vessels on the sea, including private yachts and small craft on local trips as well as t...
