Since the construction industry makes a major contribution to GHG emissions, this study aims to address this need by identifying and prioritizing the critical criteria relevant to the effective ...

Materials is covered by the following databases and archives: Indexing & Abstracting Services ADS (Astrophysics Data System)/SciX (Science Explorer) BibCnrs CABI Digital Library CAPlus / SciFinder ...

Some topics of interest are: Scientific developments in construction and building materials; Fundamental, theoretical, modelling and experimental studies of materials; Energy, environmental, ...

Keywords: sustainability; asphalt materials; concrete materials; pavement materials; construction; mixed design; performance evaluation; damage mechanism; features characterization; durability (This ...

Materials, Volume 18 (2025) Vol. 18, Iss. 1 January-1 2025 214 articles Table of Contents Vol. 18, Iss. 2 January-2 2025 255 articles

Materials requires that authors publish all experimental controls and make full datasets available where possible (see the guidelines on Supplementary Materials and references to unpublished data).

Browse all issues published in the journal.

It covers all aspects of materials science and engineering including synthesis, structure, mechanical, chemical, electronic, magnetic, and optical properties, as well as their various applications. In ...

Materials Materials is an international peer-reviewed, open access journal on materials science and engineering published semimonthly online by MDPI.

Catalytic Materials 512 Articles Prof. Dr. Steven L. Suib Topical Collections (1) Current Special Issues (18)
